

# Power Solutions for Today's Military

Power Systems from **COTS+** Building Blocks

## HDM·ES

### EMI Shield HDM Accessory

- ◆ Compatible with all Rantec HDM and HDA products
- ◆ Helps reduce radiated emission
- ◆ Ideal for use in breadboard prototype development
- ◆ Minimizes crosstalk and noise interference problems
- ◆ Order your HDM Module with the HDM Shield option

The HDM Shield supports all Rantec HDM and HDA products. These modules are the basic building blocks used to develop performance based "Power System Solutions" in today's military environment.

The Shield is ideal for use in breadboard, prototype development, and PWB mounting where concerns exist with radiated noise associated with the power supply switching activity. The Shield will help reduce electrical emission and minimize the problem of crosstalk and noise interference in high density applications.
